Mr. Deitch, OIT, Department of COMMERCE, requested advice from Mr. [REDACTED] as to the DESIRABILITY OF INCLUDING CERTAIN AUSTRIAN FIRMS ON THE LIST OF CONSIGNEES FOR 3RD AND 4TH QUARTER EXPORT QUOTAS OF COPPER AND ZINC. (See ORR Diary, 8 August). On the basis of information developed by Mr. [REDACTED], I/EE, Mr. [REDACTED] INDICATED THAT TWO FIRMS, VIZ., FELTEN AND GUILLEAUME, and ARIADNE (according to CIA information) ARE KNOWN TO BE CONTROLLED BY THE SOVIETS AND ARE SHIPPING STRATEGIC MATERIALS TO SOVIET DESTINATIONS. The Vienna Screening Committee on the other hand, had indicated that Felten and Guilleaume is no longer under USIA control, hence, is eligible to receive commodities such as those under consideration. Mr. David Wheeler, ECA, advised Mr. [REDACTED] on 8 August of this and urged acceptance of the proposed list of Austrian consignees. When pressed for comment by Mr. Deitch (in view of an NPA review deadline by 9 August), Mr. [REDACTED] STATED THAT, CONTRARY TO VSC OPINION, CIA INTELLIGENCE INDICATED THAT THE TWO FIRMS ARE STILL SOVIET CONTROLLED AND ARE SHIPPING STRATEGIC MATERIALS TO THE SOVIETS. The Committee postponed consideration of a higher strategic rating for iodine and its compounds pending study of new unevaluated data placed before the meeting on the BW aspects of these commodities.
